**Description:**

Meet Henrietta, a beautiful 3-year-old fancy/rose grey female. She is very observant and once she notices you, she will slowly make her way over to say hello.

Bred last year for the first time, we are hopeful that Henrietta is expecting her cria in the summer of 2025. As it's her first mating, we're keeping our fingers crossed for a little arrival!

Henrietta boasts a colourful background in her genetics, promising the potential for beautiful and uniquely coloured cria in the future.

Henrietta was a good leader on our alpaca walking experiences, enjoying the walks and the human company.

She is easy to handle and remains calm and cooperative for all routine husbandry tasks.
