Breed Type: Huacaya

Colour: Medium Brown (Solid Colour)

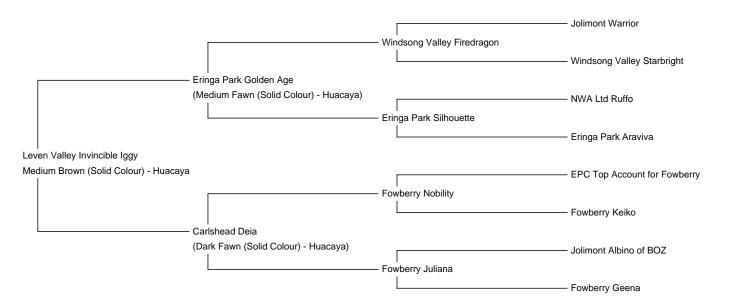

Registered With: British Alpaca Society

UKBAS33695

Blood Lineage: Australian/Peruvian

Date of Birth: 23rd June 2018

Description:

Iggy is a truly impressive male who is retaining his fleece qualities amazingly at almost 6 years of age. Those coming from his ancestors, Fowberry Nobility, Eringa Park Golden Age and EPC Top Account to name a few.

Iggy has done well in his prime during showing at a young age but now has retired into a stud male.

Iggy has produced high quality, with potential to produce light and dark colours.

Alongside Iggy's fibre characteristics, he also has a wonderful temperament, walks on a halter with a group which is a rare find in a herdsire. This asset is also passed doesn't to his offspring, which makes him an even more valuable male.

Prizes Won:

1st Northern Fleece Show 2020 24-48mths 73.00 pts
