Beschreibung:

Puzzle Tree Francesca is an outstanding true black huacaya, notable for her excellent conformation and presence. She exhibits a strong, well-grown frame with substantial bone and a very straight top-line.

Francesca's fleece is a true highlight as it is exceptionally bright with a soft, silky handle. It shows impressive staple length and uniformity in micron, indicating both quality and consistency across her fleece.

She is offered with a choice of a free mating to one of our champion stud males. She is presenting a valuable opportunity to acquire proven genetics and enhance any breeding program with her desirable traits and excellent lineage.

This female is halter trained and comes completely up to date with all vaccinations and delivery can be arranged.
