Description:

Vira's grandsire Nyetimber is arguably the most influential grey stud in the UK over the past two decades. Combine that with Bozedown genetics and you have the perfect package! Vira is well grown, with a strong frame and a true-to-type head shape. She gave birth to her first cria in May; a lovely silver-grey girl. The sire is Houghton Blaine, another prolific grey male. Vira is sold with her cria-at-foot. Happy to discuss selling her with a mating included.
