Date of Birth: 8th June 2024

Description:

Argyll is a 2024-born young male. He is being sold entire and he will not be old enough to be castrated until 2026. His sales contract will specify that he shall not be used for breeding.

His husbandry is all up to date. He is headcollar-trained. He will be available to move to his new home from July 2025 at which point he shall have been sheared for the first time.

Our sales always include the following, and more :

- 24/7 meaningful lifetime support
- Delivery in Scotland north of the Forth/Clyde
- “Keeping Alpacas – the Basics” training
