### **Description:**

Quipu Alchemist Dark Art is a young male who is being sold on consignment for Quipu Alpacas.

He is a very easy to handle male who looks great and has a friendly nature. His fleece is fine and soft and uniform in colour.

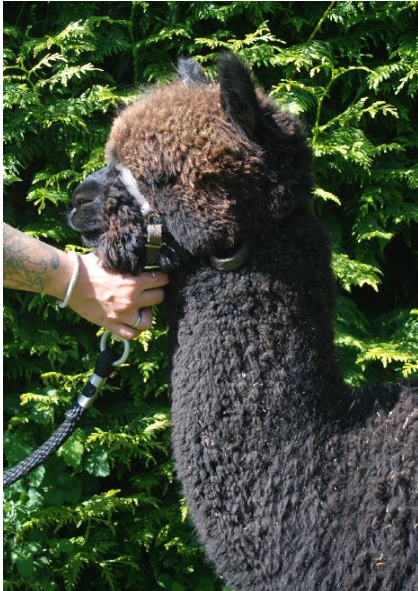

He would make a great pet and could easily be introduced into some other young males.

This intact male comes fully halter trained and up to date with all vaccinations and vitamin drenching and is available for collection or delivery. He will require wethering later this year and this is something we can arrange.
