Her conformation is true to type and correct in all areas. Her fleece is dense, long and uniform in both colour and micron. She is the full sister to our herd sire Inca Memphis and champion female Inca Nevada and as a result this female offers amazing value to get in at the top and go on and breed some amazing black alpacas.

She should be ready to breed later this summer and we can help with the sire to breed her with.

This halter trained breeding female comes with all our normal guarantees including live cria, full veterinary health check and our long term advice and support.
