### Description:

Inca Opal is a truly stunning female who not only has a very desirable phenotype but is bred extremely well with a lot of investment in her bloodlines.

She is well grown and has great substance of bone and width to her frame. She has balance and correct movement and combined with her stature she has amazing presence.

Her fleece is extremely dense, bright uniform in both micron and colour and soft.

With both parents being BAS National Show two time colour champions, a depth of highly productive and famous names in her pedigree and finally joined to an elite Supreme Champion winning sire, Inca Opal is must for those looking for an DNA tested eeaa female to breed the elite coloured alpacas of the future.

This halter trained breeding female comes with all our normal guarantees including live cria, full veterinary health check and our long term advice and support.

Available for domestic purchase and also export to the EU, Norway, Switzerland, India and the Middle East.

**Name of covering male:** Inca Replay (Black)  
**Last Mating Date:** 12th August 2024  
**Estimated Date Cria Due (Pregnant Female):** 12th July 2025
