Description:

POTENTIAL STUD FOR SALE: Applegarth Waffle (Light Brown)

Unproven Stud | Excellent Genetics | 2-years-old

EXCEPTIONAL GENETICS

Sire: Snowmass Mystic Star XX of ARW (Mid Brown)

Dam: Applegarth Treacle (Mid Brown)

Applegarth Waffle is a fabulous 2-year-old male with excellent Snowmass genetics from his sire: American import 'Snowmass Mystic Star' Standing at Artwork Alpacas. As you would expect from the Snowmass genetics, he demonstrates the America style short muzzled head shape, compact frame with good substance of bone; excellent uniformity of colour; great staple length & fleece coverage from head to toe.

I would have loved to have kept him, but I don't have enough females with different genetics for him to cover, so this is an exciting opportunity for another breeder to allow him to reach his full breeding potential.

Up-to-date with vaccinations & husbandry, last shearing date 9th May 2025.

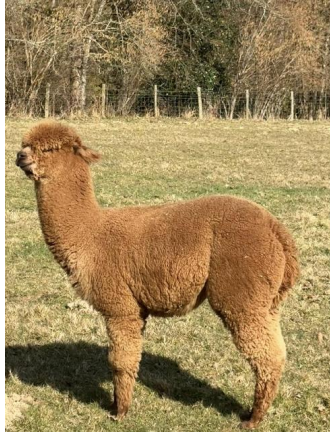

Applegarth Alpacas, East Grinstead, on the borders of Sussex/Surrey/Kent.

Can deliver within the Blue tongue restriction zone, and after 1st July can deliver anywhere in England and Wales.
Delivery is free up to 100 miles.

Prizes Won:

5th place in Junior Male Brown halter class, SOE 2024
