Description:

Chestnut Farm Freya is a lovely Solid White female, she has correct confirmation and stands on a strong frame.

Freya produces a dense, bright, soft handling fleece.

Freya is sired by our Championship winning Solid White Male Chestnut Farm Defiant.

Defiant is sired by Beck Brow Ammunition and his dam is our Championship winning Solid White Female Chestnut Farm Cassie.

Her dam is Chestnut Farm Flossie, who has produced some lovely quality offspring over the years.

Both of her parents are packed with quality genetics and Freya will make a lovely breeding female.

Freya is halter trained and has an inquisitive nature.

All Alpacas will have a FEC done before leaving the farm

We are members of the BAS trusted seller scheme.

Freya will only be sold to someone who already has Alpacas of a similar age or alternatively we do have other young females available, so we could make up a group of 3 or 4.

All our Alpacas come with a printout of their medical history and full after sales support and advice.
