Description:

Moondance Bloom is a very reliable and robust female who offers correct and strong conformation and high health. She is well covered in fleece and has a very true to type overall look.

She is correct in all aspects of her conformation and has retained high fertility and high productivity.

Her fleece is holding fine and is bright and uniform in both colour and micron.

She will be bred to our elite sire Inca Optimo in the spring in order to add density to the cria, whilst retaining a stunning fawn, brown or black cria.

This halter trained breeding female comes with all our normal guarantees including live cria, full veterinary health check and our long term advice and support.

Available for domestic purchase and also export to the EU, Norway, Switzerland, India and the Middle East.

Name of covering male: Inca Optimo (Black)

Last Mating Date: 15th May 2026

Estimated Date Cria Due (Pregnant Female): 15th April 2027

Sire of Cria at Foot: Toft Timogen (Dark Brown)

Cria at Foot: A stunning looking male cria with excellent bone, coverage and a fine dense fleece.

Date of Birth of Cria at Foot: 10th June 2025

Current Age of Cria at Foot: 41 Weeks and 4 Days
