🌟 Lane House Diamonds Are Forever 🌟
Multiple Champion Light Female 🏆

Diamond is one of our top quality elite breeding females, she carries an exceptionally advanced fleece and is still holding those qualities very well. She has consistently produced high quality cria every year. She's had a successful show career, picking up a couple of colour championships & 2nd in a highly competitive BAS National Show junior class.

We are retaining 2 of her daughters in our breeding program alongside downsizing our herd considerably, therefore it is now time for her to move on to pastures new.

She will come pregnant to our Multiple Brown Champion - Capital Fennec 🏆
This should result in a high quality fawn or brown cria.

She is priced as a highly reduced rate due to our herd reduction sale.
Can be sold as part of a package deal.
