Description:

Beautiful Dreamer is a beautiful rose grey female that not only has excellent conformation and fleece but she is a real character with a wonderful personality. She eats out of your hand and loves to play in the water if you are cleaning the water troughs. Besides this playful character she is an excellent mother and a reliable breeder. Her fleece is super fine and very uniform in micron not only across her body but also between her lighter and darker fibres. We are only realising her as we no longer have a grey stud male and think that she is would be a great addition to anyone with a grey breeding program.

She is being sold with her dark brown female cria at foot, who is exceptionally soft handling.
