Description:

Bozedown Dark Horse is a well grown female with excellent conformation. She is a dark rose grey female with a soft handling fleece. She has produced a beautiful chocolate brown male cria in 2024 sired by Bozedown No Surrender and was mated back to No Surrender in 2024. They have produced a real cracker of a stunning rose grey male cria. He is showing great potential and is looking like an exciting addition for a grey breeding programme.

We thought we would try something a little different this year as playing with the colours of alpacas is half the fun of breeding them. She has been mated to Bozedown Bronze Moonlight (eeaa) and I am already wishing the year away to see what they produce!
