**Description:**

We bought Redens Chelsea in 2022. With an impeccable pedigree Chelsea is a great female for any herd. She currently has a grey female cria at foot who could be included in a purchase for an additional cost. The offer price includes a breeding to one of our selection of quality grey or black stud males - please see our Stud male pages. She is a true black female who has had 2 true black male crias for us and this year, a promising grey female cria to Springfarm Caesar. This is Caesar's first drop of crias, both of whom are good prospects for showing. Chelsea is halter trained and has no skin issues.

**Number of Crias bred from female:** 3
