Description:

Acquiring Nora is investing in elite brown genetics. Her dam - herself a sash winner at the National - is the daughter of the highly celebrated stud Fowberry Nobility. Nora's sire, Snowmass Mystic Star, is rapidly becoming one of the most influential brown herd sires in the UK. Combining these two lines has for the second time in a row produced a show winner (see Cold Comfort Oleksandr). For a yearling Nora is well grown with perfect conformational traits, including a true-to-type head shape. Her fleece is bright, and well structured in its organisation from skin to tip, alluding to a high uniformity of micron. We also like her colour uniformity, across the saddle and into the extremities. The perfect breeding brown!
