Description:

Roma is great young female with a lovely demeanour. With a fawn dam and a highly celebrated brown sire, Roma displays colour uniformity across her saddle and extremities. Her fleece has excellent handle and brightness, whilst her compact frame and true-to-type head shape support perfect conformational qualities. Her genetic package speaks for itself; Snowmass and Fowberry on her dam's side and Softfoot Koo Wee Rup as the sire. If you are looking to add these elite genetics to your breeding stock, Roma is excellent value for money!
