**Description:**

Peaches is a friendly alpaca. She has had one cria to date, Misty Meadows Tiffin. She proved herself to be a very caring mother and she still has an extremely close bond with her daughter and granddaughter, who she also dotes upon. Peaches is a friendly alpaca and is halter trained. She has been used for walking experiences in the past. She has had some stiffness in her left knee since she was very young. To ease this she has BozMerix (turmeric based) sprinkled over her supplement each day and this has proved to be very effective. Because of Peaches’ close bond with Tiffin and Rosie, we would like the three of them to go to their new home together.

**Number of Crias bred from female:** 1
