Geburtsdatum: 30/06/2015

Beschreibung:

Jet Setter (Cedric) is a stocky, well built male with a stunning golden fawn fleece. He has produced excellent cria for us, some of which can be seen. He has added density to our herds in abundance.

We are selling him as we have very few females that he can cover. He is very reasonably priced and an exceptional home is a must. He is the easiest male to have around, knows his job and would be perfect for someone wanting to start out breeding quality alpacas.

His dam being, Ashwood Flash Dance, a fawn female, who has been rewarded 1st's and champion on numerous shows. Jet Setter's sire being, Lavender Park Tulley, a fawn male, who has been rewarded 1st's and champion on shows for an outstanding fleece around the country.

He is a very successful breeding male, who has produced some outstanding cria. He knows what his job is and knows how to please the ladies. Jet Setter has a pretty look, and his large eyes are his key feature, alongside his outstanding density in his fleece. His head shape is highly desirable as it is true to type. He is superb on a halter, walks well with the public on treks and is friendly and good with people.

Jet Setter has been rewarded 1st's, 2nd's and reserved champion on multiple shows around the country.

He will be sadly missed but we must be sensible and allow him to carry on doing what he loves!

We also have a super yearling male who is out of one of Jet Setter's daughters (Leven Valley Jazmyn) and by Putjade

Joseph (grey) that we would sell alongside Jet Setter along with an experienced walking male if required to make up a trio.
