### Beschreibung:

Mireya is a sweet and very feminine alpaca with a beautiful soft handling, fine and crimped modern grey fleece.

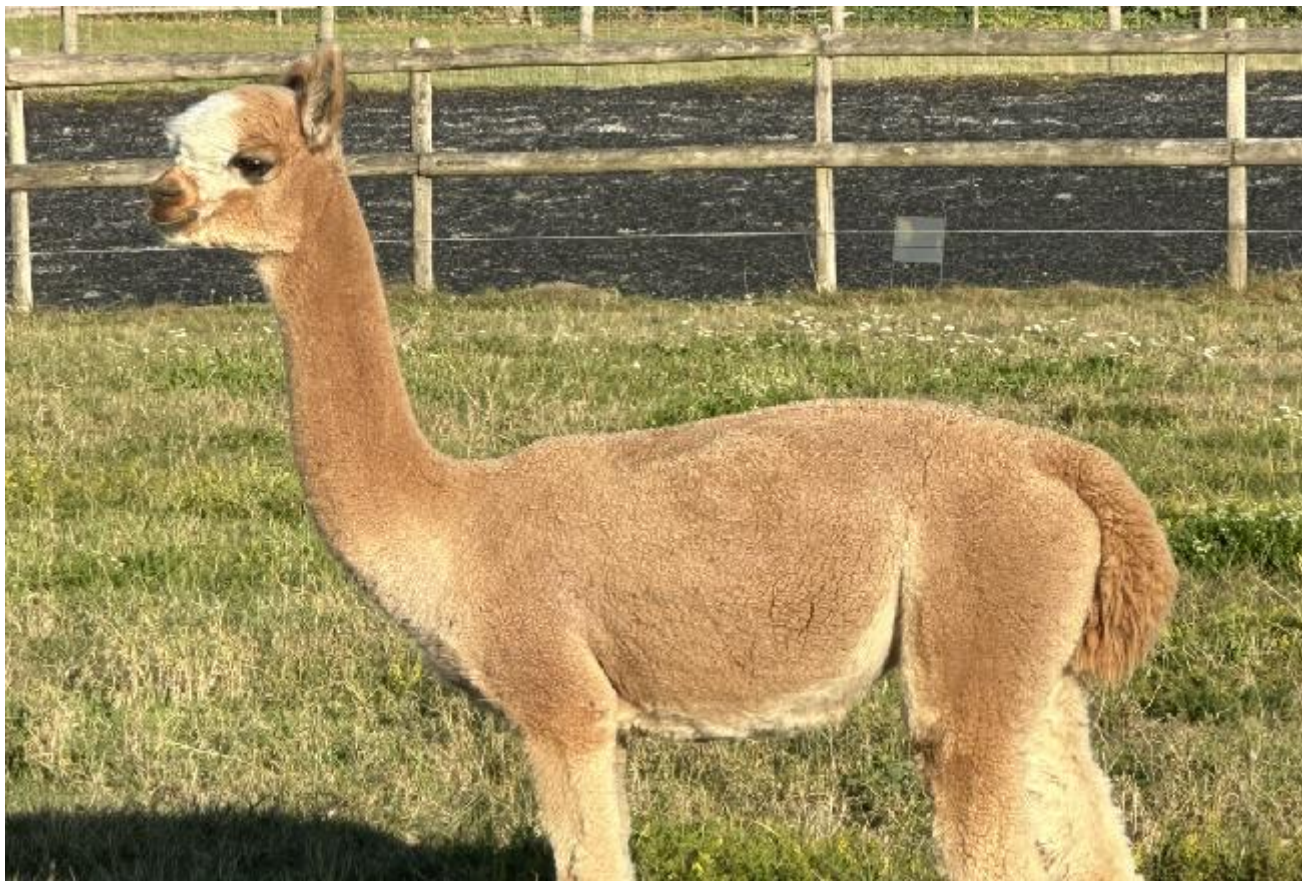

She has won 4 Modern Grey Championships as a Junior and an Intermediate.

She is the daughter of Snowmass Velvet Voyager of ARW who has produced many winning progeny, and Meon Valley Macy Grey, who was very successful herself at shows and went on to breed Championship winning progeny.

She did have a cria born this season but sadly it died, through no fault of hers, just one of those things. She was an attentive mother with a good milk supply and we are sure she will go on to breed more beautiful crias, though we did not re-breed her for 2026 as we're cutting down on numbers.

**Anzahl geborener Crias dieser Stute: 1**
