Description:

Cinnamon is a lovely girl who has given us some gorgeous cria. She had a very dense fleece trait which she passes onto her cria. She is fully halter trained and will happily come on walks and feeds from your hand. She is a real joy and we will be very sad to see her go but unfortunately we are forced to reduce our numbers. She has been mated to a very unique coloured Appaloosa male with rare Australian genetics in the UK.

Name of covering male: Yenaminut Guillermo of FPA(Imp) (Appaloosa)

Last Mating Date: 28th August 2025

Estimated Date Cria Due (Pregnant Female): 28th July 2026

Number of Crias bred from female: 3
