Description:

Digby is a 6 year old huacaya alpaca who is well trained on a halter and easy to handle and hand feed. He is a very gentle alpaca who has been a delight to own. He spent 4 years as one of our trekkers with the public and has also been used for therapeutic work with children. We are reluctantly selling him due to ceasing our public work and downsizing our herd.

Digby has a beautiful fleece which is dense and fine with a long staple length and good handle. His fleece came second in his category at the Eastern Region Fleece Show in 2022.

He will hand feed and is very easy to handle for husbandry tasks.

Digby is BAS registered, microchipped and is up to date with all of his husbandry and vaccinations. Although he is an entire male, he is not registered for breeding so is being sold as a non breeding male.

He will need to join an established herd of male alpacas or we can package him with two of our males to make a herd of three.

Only 5* homes will be considered.
