21.20µ SD 4.60µ Staple Length 155 mm

(taken on 11th March 2023 at 8 Years and 10 Months of age)

Fibre Testing Authority: Not specified

Description:

Amelia is an older girl who still has so much to give. Her fleece has simply exceptional fineness for her age. She has maintained the same micron count for as long as we have had her. She is not the densest, but with her fineness, that can be forgiven. We have been pairing her up with dense males with great success. Our current suri stud is multiple champion Winsaula Cracker. She has produced colour to all our boys.

She is calm and easy to handle, and passes on her gentle disposition to all her offspring. She will stand freely to be milked and produces copious amounts of colostrum (of which I steal some for the freezer).

She leads well on a head collar down the road for field changes, and will eat out of hands.

We don't breed every year, so she is not pregnant for 2026.

We are non profit cottage breeders, breeding with the aim of continuously improving fleeces. We have a number of really nice females we can offer as a package or individually. Not all are listed here or in our website, so please get in touch if you would like a price list. All of our alpacas are priced to be affordable whether to new entrants or to the existing breeder who wishes to bring in a bit of fresh blood.

All our adult alpacas are halter-trained for ease of handling.

All our sales come with:

- a full health history of the animal
- after sales support

- pregnancy certificate
- pre-movement worming
- live cria guarantee (7 day)
- discounted stud services to returning females
- microchip
- BAS registration
- No VAT
- a free course in caring for your new alpacas

We can provide a Tb test at purchaser's cost.

Number of Crias bred from female: 5
