(taken on 23rd June 2024 at 1 Year and 10 Months of age)

Fibre Testing Authority: European Wool Testing Authority

Description:
Silvaner is a lovely blue-eyed white female with good conformation and an inquisitive personality. Her fleece is of average quality but very much a useable fibre. Due to her blue eyes she is completely deaf but this doesn't affect her quality of life in any way.

Silvaner would best suit a pet home and would make a lovely therapy animal. She loves nothing more than to know what you're doing and always wants to be involved!

Number of Crias bred from female: 0
