(taken on 10th March 2025 at 2 Years and 7 Months of age)

Fibre Testing Authority: Alpakotela Lab

Description:

50% share available.

Inca Redemption joined our stable of stud sires after he reached maturity and passed a number of stringent criteria to pass as a stud here at Inca. He is a very well grown male who is exceptionally balanced, well covered in fleece and has great substance and volume to his frame.

This male has been bred from our super reliable female Inca Jealousy who was the first black alpaca to win a Supreme Championship in the UK. His sire is Inca Moonshine and he was a magnificent male who was just beginning to make his mark.

The fleece this male is growing is long, very bright, dense and uniform in both colour and micron. He has a deeply crimped fleece and this style runs will up into the neck and low down the legs.

With such a depth of high quality bloodlines from years and years of dedicated breeding, Inca Redemption offers breeders an alternative bloodline of high quality.

This halter trained male comes with all our normal guarantees including fertility, full veterinary health check and our long term advice and support.

The price is for a 50% ownership, sharing with Inca Alpaca. Details on this simple arrangement are available and can be negotiated to fit most situations. Please contact Tim for more details: +44 (0)7875532827.
