Description:

Inca Torchlight is a truly stunning looking male and has been since birth. Born from one of our most trusted and productive females, he is a male with real presence and a strong future.

Conformationally he is spot on and the photos show his correct frame and desirable type.

His fleece is very dense, bright and long stapled and uniform in colour and fineness across the body.

With a family tree of this quality and productivity, Inca Torchlight is ideal for those looking to inject great looks, robustness and advance fleece properties into their herd.

This halter trained male comes with all our normal guarantees including fertility, full veterinary health check and our long term advice and support.

Available for domestic purchase and also export to the EU, Norway, Switzerland, India and the Middle East.
