Description:

Evolution Modern Grace is a modern grey female with an impressive fleece. It is fine, dense, and organised. These are all traits that she has passed on to her offspring. She achieved champion modern grey at the Nationals in 2019. We purchased her in 2021. She has produced two exceptional male offspring, both of which we retained for stud. Having reduced our breeding operation, she is not pregnant for 2026.

Her pedigree is very impressive. She boasts both Windsong Valley Firedragon and Nyetimber as her grandsires. In fact, she has inherited Nyetimber's smart head. She is genetically black, so will produce colour and silver grey.

She is halter-trained and easy to handle.

We are non profit cottage breeders, breeding with the aim of continuously improving fleeces. We have a number of really nice females we can offer as a package or individually. Not all are listed here or in our website, so please get in touch if you would like a price list. All of our alpacas are priced to be affordable whether to new entrants or to the existing breeder who wishes to bring in a bit of fresh blood.
