Description:

Bozedown Atomic Blonde – Suri Female for Sale

Bozedown Atomic Blonde is a lovely, calm suri female with a delightful temperament — much like her late dam, Bozedown Opera, a true family favourite who lived to the fine age of 16. Although not halter trained, Atomic Blonde is easy to handle and has a gentle, cooperative nature.

She exhibits excellent conformation and balance, with a beautifully lustrous and silky fleece that captures the eye. When selecting a sire for her, we aimed to enhance fleece density — and Outlaw has certainly complemented her qualities. The result can be clearly seen in her impressive cria at foot, who shows superb growth for age, fantastic conformation, and a stunningly layered fleece.

Atomic Blonde has proved to be an attentive and capable mother, feeding her cria extremely well. She has been remated to Outlaw and is confirmed pregnant, due in June 2026.

Bozedown Atomic Blonde represents a wonderful opportunity to add quality genetics, reliable maternal traits, and outstanding fleece characteristics to any breeding programme.

Name of covering male: Bozdown Outlaw II (Beige)

Last Mating Date: 1st July 2025

Estimated Date Cria Due (Pregnant Female): 1st June 2026

Number of Crias bred from female: 1
