Red Granites Alydar By Val D Lsere  
(Rose Grey (Solid Colour) - Huacaya)

Red Granites Chill By Alydar  
Medium Fawn - Huacaya

Red Granites Chiloquin  
(True Black (Solid Colour) - Huacaya)

### Description:

Initially born a medium fawn, this male revealed something truly unique after shearing—an eye-catching, almost roan-fading fawn coloration that immediately set him apart. Genetically, we know he covers black, adding even more versatility to his already exciting potential.

His fleece is an absolute knockout—bright, fine, and full of character. At just 10 months old, he captured a Reserve Color Champion banner in Fawn Walking Fleece at the Iowa show, proving he's one to watch.

Sired by the incomparable Red Granites Alydar By Val D Lsere and out of Red Granites Chiloquin, a true black daughter of Crescent Moon's Simtustus, this male brings a powerhouse pedigree wrapped in a uniquely colored, show-stopping fleece.
