Date of Birth: 7th July 2021

Description:

Chestnut Farm Winnie is a lovely, chilled out fawn female, she has correct confirmation and stands on a strong frame. Winnie produces a lovely, soft handling fleece. Winnie had a cria in 2024 and she was a fantastic mother, unfortunately being a mum really drained Winnie and it has taken a while to get the weight back on her. Therefore we feel Winnie would be better in a non breeding environment so that is why we are selling her as a non breeding female.
