**Breed Type:** Huacaya  
**Colour:** Appaloosa  
**Registered With:** British Alpaca Society  
**Date of Birth:** 30th July 2025

**Description:**

A very uniquely coloured harlequin Appaloosa boy with a striking white face. It's thought he carry's both the grey and Appaloosa gene due to the white spotting in his colouring, making him a very unique asset to a coloured breeding programme. He has a lovely nature and a very coloured background with his site being Appaloosa and mum a pinto brown/white fancy.
