(taken on 28th April 2025 at 1 Year and 10 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Dorothy is a stylish true black female in her colour genetics which is EE aa with a rather obvious white spot! She is a well proportioned true to type, sweet natured female - like all in her family line. She is great on a halter and could be great in an alpaca walking business. She grows a good staple length, bright and soft handling fleece. Dorothy can be mated prior to delivery to one of our stud males at no extra cost!

Number of Crias bred from female: 0
