*(taken on 28th April 2025 at 1 Year and 10 Months of age)*

**Fibre Testing Authority:** Art of Fibre

### Description:

Dorothy is a stylish true black female in her colour genetics which is EE aa with a rather obvious white spot! She is a well proportioned true to type, sweet natured female - like all in her family line. She is great on a halter and could be great in an alpaca walking business. She grows a good staple length, bright and soft handling fleece. Dorothy can be mated prior to delivery to one of our stud males at no extra cost!

**Number of Crias bred from female:** 0
