Fibre Testing Authority: Art of Fibre

Description:

Tienda Molino Qaya is a true to type female who has great balance and presence. She is well covered in fibre taking after her dam in that respect.

Conformationally she is very correct with fluid movement and presence.

Her fleece is very dense, fine, and bright.

With her depth of quality breeding and a mating to VekoFarm Hasco, I expect her cria to be of great quality.

This halter trained breeding female comes with all our normal guarantees including live cria, full veterinary health check and our long term advice and support.

Export to European countries can be arranged within 2-3 weeks after purchase.

Name of covering male: Vekofarm Hasco

Last Mating Date: 1st May 2026

Estimated Date Cria Due (Pregnant Female): 1st April 2027
