Breed Type: Huacaya

Colour: Fancy

Registered With: UKBAS47893 - (ASBBASUK06)

Date of Birth: 8th July 2025

Description:

Morzine

Weanling Fancy Female – Huacaya

Morzine is a lovely weanling Huacaya female with plenty of colour and character, making her a potential breeding female for anyone looking to add interest and diversity to their herd. She is named after the ski resort, in keeping with the naming theme for all of last year's cria.

She is a very sweet-natured, easily handled cria with a calm and inquisitive temperament. Morzine is currently being trained by a Camelidynamics Consultant and will be halter-accepting and leading well by the time she is ready to move to her new home.

She is available on her own to join an existing female herd, or alternatively can be purchased with her dam, Hattie, and one other female for those looking to establish a starter herd.

If there is interest, we may also consider releasing her best friend, an Appaloosa female named Meribel, to be sold as a pair with Morzine, as the two are very closely bonded.

Morzine would suit someone seeking a young female with a gentle nature, attractive colour, and good future potential. Viewings are welcome by appointment.

Located in North Somerset.

Transport can be discussed.
