Description:

Valentino is a stunning yearling boy carrying a beautiful apricot fawn fleece with exceptional staple length and super soft handle.

He has a curious and playful nature and is coming on really well with his halter training.

Valentino would make a wonderful pet, fibre producer, companion or future trekker.

He is easy to handle and fully up to date with all husbandry.

Valentino will need to go into an existing herd of males or I'm offering him as a package with two of his friends Blizzard and Snowy.

Full support for new owners and can often deliver. Viewings very welcome.
