Date of Birth: 29th May 2023

Description:

Grindlewald is a sweet mid grey with a beautifully fine soft handling fleece.

He is fully halter trained and easy to handle and would make a wonderful pet or companion. He has also been used on a few of alpaca treks and is coming on really well.

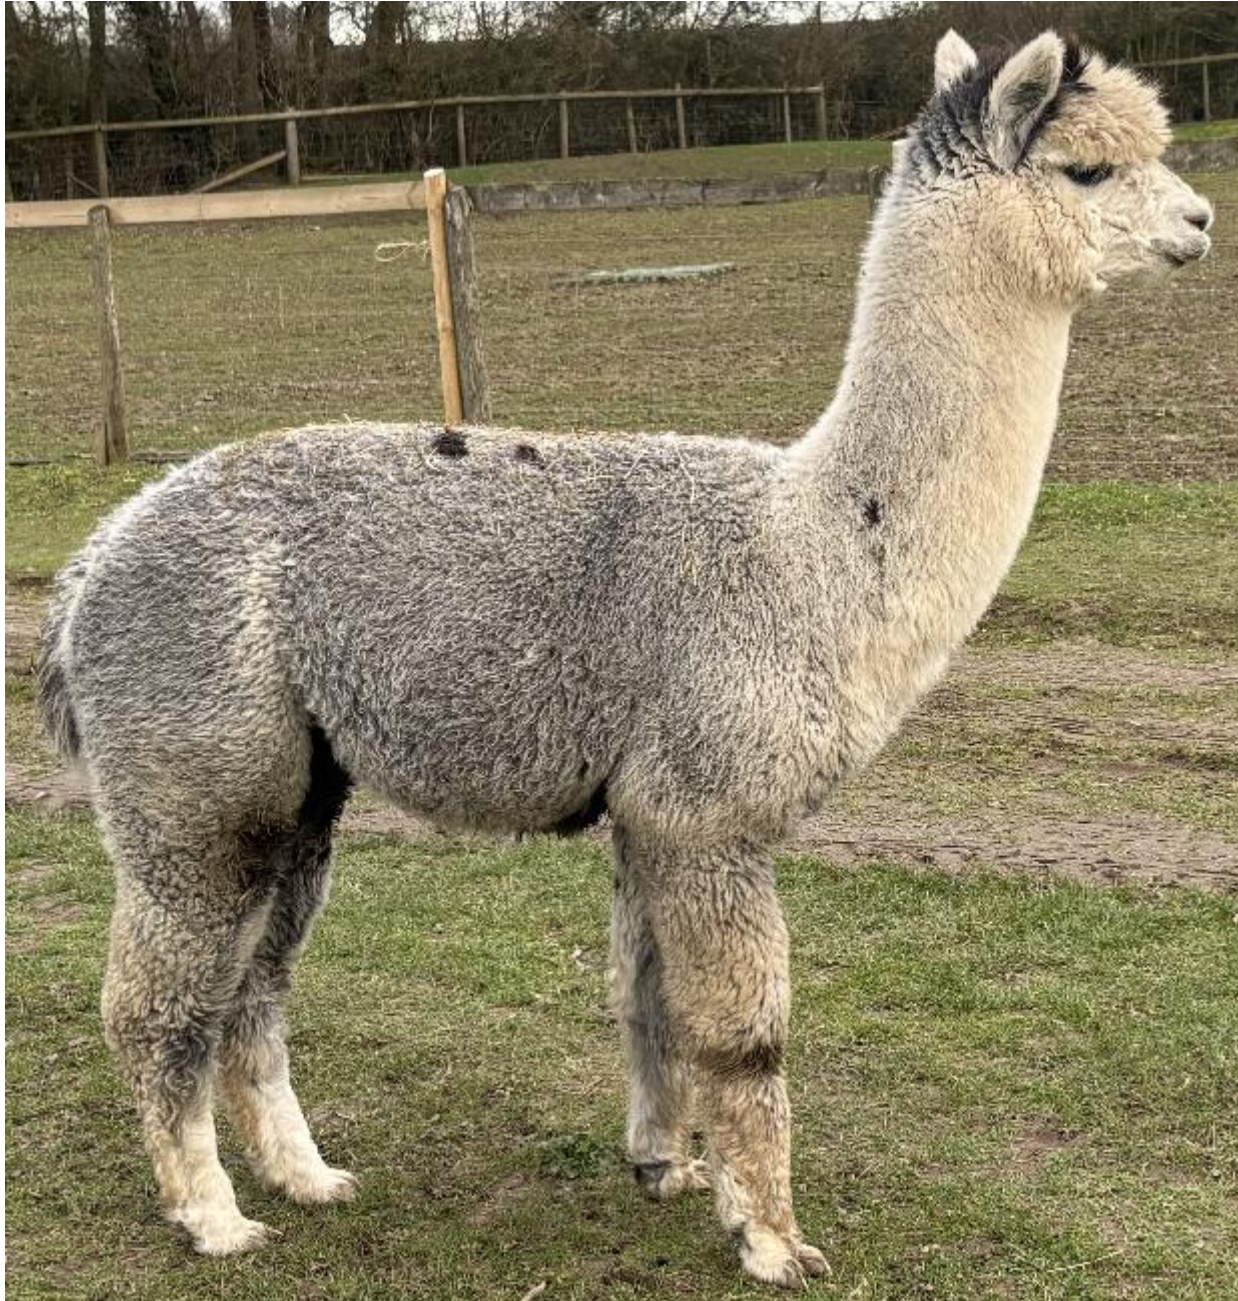

Grindlewald carries a lovely quality fleece which would be a hand spinners dream!

Fully up to date with all husbandry and registered with the British Alpaca Society.

A lot of love, work and time have gone into all our alpacas and we are looking for wonderful homes for them. Ideally Grindlewald will go into an existing herd of males or we do have other males available to make up a group of 3. His best friend Faerie Tale Gryffindor a gorgeous multi is also available and I would love for them to go together.

Full sales support for all new owners. Viewings very welcome, based in Kenilworth in Warwickshire.
