Description:

Ajax's first progeny arrived from May 2011 with consistently great results, passing on his fine dense bright and well organised fleece attributes

His show results speak volumes with a first at the SWAG fleece show proves how good his fleece is, following in the footsteps of his father, multi-award-winning Classical MileEnd Tulaco Centurion.

We bought him to improve the fleece for our own herd, and he has done just that with great enthusiasm.

He is available for your herd this year.
