20.20μ SD 4.50μ CV 222.10% % Over 30 Microns(μ) 14.40%

(taken on 11th May 2020 at 9 Years and 11 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

A true to type macho with a noticeably soft handling fleece which is very fine and of great density and Commander is holding onto these characteristics as he ages. More importantly, however it is these traits of uniformity of micron and fineness that we see coming out in his progeny.

According to Judge Val Fullerlove at Devon county Commander shows a very bright soft handling fleece and he carries himself proudly with excellent conformation.

Prizes Won:

Reserve Champion Brown Male Huacaya Devon County 2012

Commander June 12

Commander fleece June 12
