Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Alpha Charleston is an exciting solid light with an excellent show record. He is a correctly proportioned compact male who has excellent substance of bone and fibre coverage. His fibre has retained fineness, AFD of 22 microns for his 5th fleece with an SD of 4.8 and a 93.9% comfort factor. His 8 progeny all have superior fleece including a high degree of organisation , fineness and density. We have been delighted with the cria sired by Charleston and we will be using him extensively in our 2019 breeding programme.
