Description:

Aztec is an exceptional multi champion male with a striking appearance and excellent form. He has a very fine, soft handling fleece, very advanced for a grey which consistently wins at shows. He possesses top quality genetics and truly offers the whole alpaca package.

So far in 2016 he has given us some absolutely stunning cria including a beautiful rose grey girl to a light fawn dam. We are very happy with this boy, all his cria are large, chunky youngsters with fantastic coverage and dense, soft fleeces. Weighing in at around 9-10 kilos his progeny are extremely healthy and we are expecting great things in next years shows!

Aztec can certainly add colour and class to your herd!
