Fleece:

22.90µ SD 4.00µ CV 17.70% Staple Length 80 mm

(taken on 5th May 2018 at 7 Years and 9 Months of age)

Description:

The latest addition to our team of white Huacaya studs, this son of Jaquinto is living proof of the potential within our breeding programme. Beautifully balanced on a strong frame this phenotypically stunning young male exudes quality from the moment you see him. He carries on him a fleece that matches those first impressions. Very fine with outstanding uniformity within the staple, but most impressively, across the entire body, he is carrying a dense fleece with outstanding staple length. In summary a heavy cutting fine fleece showing all of the commercial traits needed in the fibre industry. Yves Jacques has enjoyed a very successful show career wining many broad ribbons in that most competitive arena of white Huacaya male including Supreme Champion at The Alpaca Fiesta 2013, and so confident were we in his quality we used him extensively in our breeding programme in his first full year. Even at a very early stage his cria are showing great promise.
