Description:

Tempest is a superlative suri; he exudes lustre within well defined and individual, solid locks of fibre.

His first progeny have delivered all that we hoped, lustre, organisation, fineness and density. They have wonderful, soft natures as does Tempest.

With the world famous DDF MacGuyver as his Great Grand Sire on both sides plus a smattering of Dazzler, Don Juan and, of course, Wonder Dream this young male is going to make a tremendous impact in the coloured suri herds of the UK.

We are restricting matings in his first full season so act quickly.
