### Description:

Tonto: Well, our hopes and dreams came true in this pairing of two legendary bloodlines. Tonto realised a major step in our breeding programme. With Tonto's first crias born in 2017, we had further proof of his stake in the future. (Tonto's Dam and Sire were two of my favourite alpacas and I fell in love with Tonto from a very young cria.) He has near perfect conformation and his stature is such that your eyes are drawn to him in the field. He also has a wonderful nature!

Tonto's fleece has excellent length and a shimmering brightness. Although we do not choose an alpaca solely based on fleece style, we really cannot ignore the fact that Tonto's fleece has a wonderfully aligned crimp style which is everywhere on him and this fact is indicative of his terrific density.

All three of Tonto's crias shown at the 2018 HOE Spring Alpaca Fiesta were placed in the top 4 in their class. And this was just the start!

Legacy Alpacas of North Lancashire acquired a half share in Bozedown Tonto. He will be standing at Stud at Legacy Alpacas at certain times.
