(taken on 21st May 2019 at 2 Years of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Beck Brow Vidal was one of the standout cria on farm from birth. He is a male who has always had presence and style, and has enjoyed parading on the show circuit with great success.

Vidal has a full Australian pedigree. He is the product of two imported alpacas, who both carry the genetics of some of the most influential males in Australia. These include Banksia Park Khan; Jolimont Warrior; Somerset Accoyo Challenger; Patagonia Celtic Triumph; and Purrumbete El Dorado.

Vidal carries an extremely dense, soft handling, bright fleece which is very well organised throughout and is pumping out great length for the growth period since shearing. He is perfectly conformed and moves with confidence and style.

These characteristics have resulted in an extremely successful show season (both halter and fleece). His first outing was at the BAS National Show (2018) where he was awarded Reserve Light Champion male, from this he has gone on to be unbeaten in his colour category, achieving a further seven championships last year.

Vidal is producing consistently high-quality progeny with numerous champions amongst them. His son Beck Brow Wheels on Fire is now standing at stud here.

Beck Brow Vidal is in-house only
