(Genomen op 15/05/2018 op de leeftijd van 2 Jaar)

Wolanalyse-organisatie: Australian Alpaca Fibre Testing

Omschrijving:

We first saw Tailor Made in the Suri Light Male Class at the 2018 BAS Nationals. Tailor Made won his class and then went on to win Champion Light Suri Male. Then in the Championship line up against a number of the UK's best suris, Tailor Made won Supreme Champion! Needless to say we were seriously impressed and bought Tailor Made for Suri Stud - our joint venture with Neil and Michelle Payne from West Wight Alpacas - in the Summer of 2018.

Tailor Made has all of the positive traits that we aspire to reproduce in our breeding programmes. On a solid true to type balanced and compact frame his fleece is dense, fine, uniform and with a high degree of lustre.

Houghton Hall imported Tailor Made's sire Travatore from New Zealand for his exceptional quality of fleece and outstanding breeding. Travatore's progeny have excelled in the UK showring since arriving in the UK but Tailor Made is the only son of his to have won Supreme Champion at the BAS National Halter Show.

We have high expectations for Tailor Made's first progeny who are due in 2019.

Please note, Tailor Made is owned via our joint venture - Suri Stud - with West Wight Alpacas. He is standing in the Isle of Wight but can be easily brought to Spring Farm for convenience.
