(taken on 4th May 2015 at 1 Year and 11 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Veraison is a compact and perfectly put together young male. With his beautiful colouring and eye-catching conformation, he really is the centre of attention. He has a crimped, fine and soft handling fleece which is no surprise when you consider his sire is the renowned Nyetimber who takes little introduction. Nyetimber was awarded Supreme Champion at The South of England Show at 8 years of age. Veraison himself has shown with great success including Champion Grey Male at the 2016 National Show. Veraison entered our breeding programme during the 2016 season and his cria entered the herd in 2017 with a bang! They have been consistently beautiful cria with long, crimped fleeces and awesome stature. 2017 has seen the arrival of many new genetics in the herd and Veraison has held his own with an impressive start to his breeding career.

Co-Owned with Cold Comfort Farm
