Description:

Rebellion was bought by Charnwood Forest Alpacas toward the end of 2018. Chris really wanted to bring in some new colour and genetic to the farm. Rebellion has brilliant genetics with his sire being the award winning Boztdown Bourbon, who has won champion twice, 1st in his class 3 times and 2nd once. Rebellions high quality fleece attributes and his solid frame is what makes Rebellion so special and we are very excited to see some of his cria born on our farm in 2020.

Rebellion? fleece is very similar style and fineness of his sire and grandsire Boztdown Talisman. This lineage explains the incredibly soft handling fleece that Rebellion grows each year, along with brilliant brightness and density.

Rebellion has received the following awards:

2013/03 Futurity Huacaya Junior Male- Brown 3rd
