(taken on 15th May 2022 at 4 Years and 8 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Inca Law Enforcer has been retained to be used as a front line herd sire here at Inca Alpaca due to his high level of performance. He has been bred from one of our best and most consistently yielding females, Inca Henna, who herself is a champion in the show ring and has a son also sired by Surtierra Shadow working well as the primary herd sire for Alpaca Farm Tienda Molino in the Netherlands.

Two of the most noticeable traits this male offers is his true black colour and his striking looks. His head is very correct and this is positioned on a frame that is perfectly balanced and stylish. His fleece is high yielding and exhibits a dense and well aligned staple of bright, soft fibre.

Inca Law Enforcer has also been selected for his fast growth, early weaning, early maturation and aversion to worms, coccidia and mites.

Inca Law Enforcer has now been sold and is no longer available for stud servicing.

Prizes Won:
