23.60µ SD 4.90µ

(taken on 1st July 2013 at 1 Year and 11 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Houghton Ollie is quite simply a stunning Suri. He has a real presence about him which shows his broad frame and perfect substance of bone. He combines this first class frame with a stunning fleece which, even in his tenth year, still exudes lustre and has a wavy twist lock style which keeps regrowing just as well as ever! Ollie is dense and has a lovely silky handle. Ollie has a great package of genetics. His sire is ACC Storm who has definitely put his stamp on Suris. This sire gives him the powerhouse of Accoyo Bulleyman and White Witch - two big names which require no introduction to any Suri breeder. Ollie's dam, Olivia, continues to produce first class show-winning alpacas, one of whom won Supreme Champion Suri at the BAS National Show 2017 and again at the HoEAG Spring Alpaca Fiesta 2017. Ollie's own show results speak for themselves winning Supreme Champion and many Championship sashes at some major shows. His progeny all boast Ollie's great lustre and fleece structure carrying through his density and great conformation.

He would be perfect for a Suri breeder looking to pack density, lustre and a fabulous lock structure on a perfect frame into their progeny.
